A **QTS-certified EdTech Coach** and **Computer Science teacher** with extensive **IBDP** and **IGCSE** experience. Proven leader in developing and implementing data-driven EdTech strategy, designing impactful professional development, and driving meaningful technology integration to enhance student outcomes.

PROFESSIONAL EXPERIENCE

British International School (Hanoi, Vietnam)

Aug 2022 – Present

IBDP and IGCSE Computer Science Teacher and EdTech Coach

As Education Technology Coach:

- Developed and implemented the school's **3-year EdTech Strategic Development Plan**.
- Chaired a Whole-School EdTech Committee in developing **AI policy** and user guidance.
- Presented comprehensive **EdTech audit** and data-driven recommendations directly to SLT.
- Designed and facilitated 'EdTech Pathways' PD program (**AI, OneNote**, etc.) using audit data.
- Drove adoption of **BenQ, iPads and Class VR technologies** in the Mathematics department through tailored coaching and 1-on-1 support, transforming them into **technology champions**.
- Organised 3 whole-staff CPD carousel events per year on data-informed topics (**AI, Teams, Excel**), resulting in **95% positive** staff feedback and improved digital competency across the school.
- Created 'Tech Tip' micro-learning video library (**>50 videos**) for accessible, just-in-time staff support.
- Developed and executed a **strategic hardware selection process**, leveraging data input from 62 staff to optimize purchasing and save over **\$18,500**.
- Pioneered **Student Tech Ambassador** program to build a sustainable, peer-led support system, reducing routine IT support requests from students.
- Partnered with HODs to transition students to **digital planners**, improving organisational skills.
- Served as Academic Lead for **Salamander** SIS integration with MS Teams/Outlook, performing UAT, coordinating with the regional team, and delivering staff training for a smooth rollout.

As Computer Science Teacher (IBDP and IGCSE) and Year 7/8 Tutor:

- Delivered engaging **IGCSE and IBDP CS** curriculum using project-based learning and Flipped Classroom methodologies, achieving **97% A*-C in IGCSE; 88% Grades 5-7 in IBDP CS**.
- Supported **CIS accreditation** through evidence preparation and active participation in whole-school committees (Use of English/Oracy, IT).
- Provided **pastoral leadership** as **Year 7/8 Tutor**, delivering enrichment activities and educational field trips that promoted student growth.
- Coached **JV and Varsity football teams** (30+ athletes) over two seasons, fostering skill development and sportsmanship, resulting in a performance turnaround and securing league runner-up titles in 2023 and 2024.

Vinschool The Harmony (Hanoi, Vietnam)

Aug 2021 – Jun 2022

Singapore International School (Hanoi, Vietnam)

Aug 2019 – Jul 2021

IGCSE and A-level Computer Science Teacher

- Delivered engaging **IGCSE and A-level CS** curriculum using **project-based learning, Flipped Classroom strategies**, and **differentiated instruction** with teacher-created digital resources, achieving 100% A*-C.
- Pioneered the introduction of the IGCSE Computer Science curriculum at Singapore International School.
- Led Singapore International School's transition to **online learning** during COVID-19 by deploying **MS Office 365** and delivering **staff training** on **MS Teams** and other digital tools.
- Provided **pastoral leadership** for Year 8 and IGCSE/AS Level groups, fostering student well-being and

academic growth.

- Supported **CIS accreditation** as a **Health and Safety** committee member, ensuring compliance and school improvement.

SenTia School (Hanoi, Vietnam)

Aug 2018 – Jun 2019

Wellspring International School (Hanoi, Vietnam)

Aug 2014 – Jul 2016

ICT Teacher

- Introduced and delivered engaging ICT lessons, incorporating Scratch, JavaScript, computational thinking, and digital citizenship into the syllabus.

Toco Software (Dublin, Ireland)

Oct 2017 – Jul 2018

Software Developer

- Developed software projects using C#, HTML, CSS, and JavaScript, while conducting testing and quality assurance.
